PROFESSIONAL SUMMARY

Full-funnel digital marketer with hands-on project experience in SEO, Meta Ads, CRM lead management, and end-to-end creative production across 6+ client engagements. Proven ability to build marketing systems from zero — from brand strategy and content calendars to A/B tested ad campaigns and conversion tracking. Experienced in supporting small businesses and startups in the Jordanian and regional market; ready to deliver the same results for a remote-first team.

CORE EXPERTISE & TECHNICAL COMPETENCIES

- **Digital Marketing Strategy:** go-to-market planning, funnel marketing, customer journey mapping, campaign planning, and offer messaging.
- **SEO:** keyword research, on-page optimization, search intent mapping, content strategy, and technical SEO fundamentals (Google Search Console, keyword planner).
- **Paid Media & Tracking:** Meta Ads Manager campaign setup and management, audience segmentation, A/B testing of creatives, Facebook Pixel, conversion tracking, ROAS and CPL monitoring, CTR optimisation, and Google Ads fundamentals.
- **CRM & Lead Management:** CRM pipeline setup, lead segmentation, follow-up workflow design, response automation concepts, and customer journey nurturing.
- **Content Systems:** content pillars, monthly calendars, creative briefs, copywriting, and performance-based content optimization.
- **Creative Production:** social media design, brand identity, short-form video editing, captions, thumbnails, and AI-assisted visual asset creation.
- **Market & Competitor Research:** audience research, SWOT assessment, competitor analysis, and positioning recommendations.

PROFESSIONAL EXPERIENCE

Freelance Digital Marketing & Creative Consultant

2023 – Present

Self-employed | Amman, Jordan | Project-based | Remote-ready

Selected client engagements shown below. Full portfolio: notion.so/rayan-elwathiq | behance.net/rayan9899gt

Dr. Samir Al-Qarain — Personal Brand (Instagram)

Completed

- Grew a brand-new Instagram account from 0 to 2,395 followers organically in 30 days — zero ad spend — by building the full content system: brand guidelines, visual identity, video QA, and editing pipeline from scratch.
- Directed short-form video content that achieved 290K and 42.9K views on individual posts, through strategic hook writing, pacing edits, and platform-native formatting.
- Designed a cohesive visual identity across all posts, driving organic sharing and profile visits; page aesthetic described by followers as editorial-level quality. avg. 250/week from Insights

LUVIT Skincare — Turkish Brand Agent

Active engagement

- Leading end-to-end digital brand development for a Turkish skincare label entering the market — visual identity, content strategy, and a phased organic growth plan across all online channels.

- Integrated AI-assisted design tools into the production workflow to accelerate visual asset creation while maintaining brand consistency, reducing design turnaround by ~40%.

Al Asimah Travel & Tourism — Marketing Support & Training

Completed

- Trained account managers on Meta Ads end-to-end — campaign objectives, audience targeting, budget setup, and A/B testing of ad creatives — enabling the team to run paid campaigns independently.
- Delivered a full Meta Ads launch walkthrough, resulting in the team's first self-run paid campaign within the same week of training.
- Recovered compromised social accounts and implemented two-factor authentication and access management protocols, securing business accounts against future unauthorized access.
- Provided strategic direction on positioning, travel-service messaging, and content priorities to align organic and paid efforts toward lead generation.

UCMAS Kindergarten — Education Services

~1-month engagement | Completed

- Built a practical marketing system from the ground up — content pillars, monthly calendar, visual templates, and brand guidelines — giving the client a self-sufficient repeatable framework post-engagement.
- Wrote WhatsApp and DM inquiry-handling scripts that standardised the enrollment follow-up process, targeting a reduction in response time from 24 hrs → under 2 hrs.
- Produced social media creatives, story formats, and highlight covers aligned with parent-facing messaging focused on learning outcomes and enrollment value.
- Recommended SEO-informed content topics mapped to parent search intent around early childhood education in Amman, Jordan.

Fekra w Nogta — Marketing Agency Collaboration

Completed

- Delivered creative assets and campaign concepts across 4+ client briefs — including static creatives, story formats, and copywriting — while restructuring the internal production workflow to reduce brief-to-delivery time.

Tango Production — Artistic Production Company

Completed

- Edited 3 short-form promotional videos for social distribution, applying caption overlay, brand sequencing, and platform-native formatting to improve watch-through rate.

Nahar Electronics — Product Campaign Support

Completed

- Designed a series of promotional social media creatives for a product visibility campaign; focused on offer clarity and visual hierarchy to maximise CTR.

EDUCATION

Bachelor's Degree in Digital Supply Chain Management

Started July 2025 | Expected March 2029

Philadelphia University | Jerash, Jordan | 132 credit hours | 12 credits/semester

- Deliberately chose supply chain over a pure marketing degree to bridge the gap between marketing strategy and operational execution, building fluency in data analysis, ERP systems, and demand forecasting that most marketers lack.
- Applying coursework directly to marketing: structuring KPI dashboards, building cross-functional reporting frameworks, and working toward ERP fluency (SAP, Oracle) as a long-term differentiator in digital and e-commerce roles.

TECHNICAL, MARKETING & CREATIVE TOOLS

-
- **Paid Media & Analytics:** Meta Ads Manager, Facebook Pixel, Conversion Tracking, ROAS / CPL / CTR monitoring, Google Ads, GA4 / Google Analytics, Google Tag Manager (fundamentals), Google Search Console.
 - **SEO:** Keyword research, on-page optimisation, organic growth strategy, Google Keyword Planner, SEMrush / Ahrefs (fundamentals), WordPress SEO.

- **CRM & Automation:** CRM pipeline setup, lead workflow design, Zapier basics, HubSpot (fundamentals), Mailchimp (fundamentals), marketing automation concepts, customer follow-up sequences.
- **Content & Campaign Management:** content strategy, campaign management, engagement rate tracking, brand strategy, Meta Business Suite, Instagram, Facebook, TikTok.
- **Design & Creative:** Adobe Photoshop, Adobe Illustrator, Adobe Premiere Pro, Adobe After Effects, Canva, CapCut, AI-assisted design tools.
- **Productivity & Reporting:** Microsoft Office, Google Workspace, KPI dashboards, performance reporting, documentation.
